

MEGA BRAID II

12-Strand
Single Braid Nylon

White

Black

Mega Braid II is an abrasion resistant 12-strand line. Each of its strands are individually braided resulting in an extremely firm yet flexible rope that resists picking and chafing. This line offers excellent abrasion resistance, is ideal for docking usage, and easy to flake or coil.

Applications

- Mooring lines
- Towing lines
- Mooring tails

Diameter		Circumference	Weight		min. Breaking Strength	avg. Breaking Strength
[mm]	[inch]	[inch]	[g/m]	[lbs/100']
